

B.C. Self-Isolation Plan for VBCCM Students

Updated: July 2021

- **IMPORTANT NOTE:** Beginning July 5, 2021, the Government of Canada has [announced](#) that fully vaccinated travellers who are permitted to enter Canada will not be subject to the federal requirement to quarantine, to take a COVID-19 test on day-8, and to stay at a government-authorized hotel. **Travellers that are not fully vaccinated are not exempt from these requirements.**
- To be considered fully vaccinated, a traveller must have received the full series of [Government of Canada approved vaccines](#) — or combination of vaccines — at least 14 days prior to entering Canada.
- Effective August 9, 2021, the Government of Canada has also [announced](#) that the three-night government authorized hotel stay requirement will be eliminated for **all travellers** arriving by air. All travellers must still provide a quarantine plan and be prepared to quarantine, in case it is determined at the border that they do not meet the necessary requirements.

All travellers, regardless of vaccination status, will be required to submit their travel and contact information, including a suitable quarantine plan electronically via [ArriveCAN](#) before crossing the border or boarding a flight. All travellers must conduct pre- and on-arrival testing.

Upon arrival, you must contact VBCCM to let the institution know that you are in Canada. We will update your contact information and will be phoning you for wellness checks throughout your quarantine to ensure your safety. Please immediately call us at [604-207-9389](#) or contact your Enrolment Advisor.
